January 9, 2008

Dear Mr. Bell,

Harrison County's GIS Department uses ESRI software to maintain and host the county's GIS data. We pay by means of a Maintenance Quote on a year by year maintenance term. The amount we paid for the last three years are: 2005 = $6000.00

2006 = $8000.00

2007 = $8115.00

The increase for 2006 is due to the purchase of additional licenses.

Sincerely,
Ralph Schoen
Cartographer
